

VADLA BHARATH CHARY

FRONT-END DEVELOPER

Mahabubnagar, Telangana, India • +91 8374801364 • vadlabharathchary03@gmail.com
Portfolio: portfolio-wine-one-46gg9w9qbi.vercel.app • GitHub: vadlabharathchary03-byte • Instagram: @bharath__1

PROFESSIONAL SUMMARY

Aspiring and creative Front-End Developer focused on building modern, responsive, high-performance web interfaces. Strong foundation in HTML5, CSS3, JavaScript (ES6+), responsive design, UI development, and React fundamentals. Passionate about clean, maintainable code, intuitive user experiences, pixel-perfect layouts, and continuously learning modern web technologies.

TECHNICAL SKILLS

Frontend Core	HTML5 • Semantic Web • CSS3 • Flexbox • CSS Grid • JavaScript (ES6+) • Responsive Web Design
JavaScript & Web	DOM Manipulation • Fetch / REST APIs • Async/Await • Local Storage • Interactive UI
Frameworks & Styling	React.js Fundamentals • Tailwind CSS • CSS Variables • Glassmorphism • Micro-Animations • Component Design
Tools & Workflow	Git • GitHub • VS Code • Browser DevTools • Figma-to-HTML/CSS • Cross-Browser Compatibility
Quality	Debugging • SEO Best Practices • Performance Optimization • Clean Architecture • UI/UX Layouts

FEATURED PROJECTS

E-Commerce Web Application

Dynamic responsive online store interface with product catalog filtering, interactive cart drawer, checkout workflow, local storage, and smooth micro-animations.

HTML5 • CSS3/Grid • JavaScript • Local Storage

Creative Agency Showcase

High-converting dark-theme agency landing page featuring glassmorphism UI, animated statistics, client testimonials, and responsive navigation.

HTML5 • Modern CSS • Vanilla JavaScript • Responsive Design

Interactive Dashboard App

Interactive dashboard combining real-time weather data through REST APIs with task management, drag-and-drop interactions, and theme switching.

JavaScript ES6 • Async/Await • REST API • CSS Variables

EXPERIENCE & DEVELOPMENT JOURNEY

Front-End Developer & Project Builder | 2023 – Present

Independent & Freelance Projects — Designing and implementing responsive user interfaces, building modular frontend components with modern JavaScript and CSS, optimizing performance, and contributing to web design projects.

Intensive Web Development Training | 2022 – 2023

Self-directed and professional learning covering semantic HTML5, advanced CSS, Flexbox, Grid, CSS animations, JavaScript ES6+, DOM manipulation, asynchronous programming, and Git collaboration workflows.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering (CSE)

1st Year Undergraduate Student

SELECTED HIGHLIGHTS

- 10+ projects completed with a strong focus on responsive web experiences.
- Built interfaces designed for mobile, tablet, and desktop screens.
- Experienced in modern glassmorphism layouts, UI interactions, and micro-animations.
- Focused on clean, maintainable code, usability, performance, and visual detail.

Open to internships, freelance opportunities, and entry-level opportunities in front-end development, web design, and UI development.
