

VADLA BHARATH CHARY

FULL STACK DEVELOPER

Mahabubnagar, Telangana, India • +91 8374801364 • vadlabharathchary03@gmail.com

Portfolio: [portfolio-wine-one-46gg9w9qbi.vercel.app](#) • GitHub: [vadlabharathchary03-byte](#) • Instagram: [@bharath__1](#)

PROFESSIONAL SUMMARY

Aspiring and versatile **Full Stack Developer** focused on building modern, scalable, end-to-end web applications. Strong foundation in responsive frontend interfaces (HTML5, CSS3, JavaScript ES6+, React) alongside server-side development, RESTful APIs, and database management. Passionate about clean architecture, seamless user experiences, high performance, and continuously learning emerging full-stack web technologies.

TECHNICAL SKILLS

Frontend Core:	HTML5, Semantic Web, CSS3, Flexbox, CSS Grid, JavaScript (ES6+), Responsive Web Design
Backend & APIs:	Node.js Basics, Express.js Concepts, RESTful APIs, JSON, LocalStorage & State Handling
Frameworks & UI:	React.js Fundamentals, Tailwind CSS, Modern UI / Glassmorphism, Micro-Animations, Components
Tools & Workflow:	Git, GitHub Version Control, VS Code, Browser DevTools, Figma to HTML/CSS Conversion
Architecture & Quality:	Cross-Browser Compatibility, Performance Optimization, SEO Best Practices, Clean Code Structure

FEATURED PROJECTS

E-Commerce Web Application

[HTML5](#) • [CSS3/Grid](#) • [JavaScript](#) • [Local Storage](#)

Dynamic responsive online store interface featuring category filtering, interactive cart drawer, local storage persistence, checkout workflow, and fluid UI animations.

Creative Agency Showcase

[HTML5](#) • [Modern CSS](#) • [JavaScript](#) • [Responsive UI](#)

High-converting dark-theme agency landing page engineered with glassmorphism aesthetics, animated statistics counters, interactive testimonials, and optimal mobile responsiveness.

Interactive Dashboard & Weather Portal

[JavaScript ES6](#) • [Async/Await](#) • [REST API](#) • [CSS Variables](#)

Multi-widget productivity dashboard integrating live weather data via REST APIs, asynchronous data handling, task management, dynamic theme customization, and modular components.

EXPERIENCE & DEVELOPMENT JOURNEY

Full Stack Developer & Project Builder | Freelance & Independent

2023 – Present

Architecting and developing end-to-end web applications, building responsive frontends, integrating RESTful APIs and databases, optimizing system performance, and delivering complete web solutions.

Intensive Web & Software Development Training | Self-Directed

2022 – 2023

Completed comprehensive training in modern HTML5, advanced CSS layout architectures (Flexbox/Grid), modern JavaScript ES6+, asynchronous programming, DOM APIs, and Git collaborative workflows.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering (CSE)

Undergraduate

1st Year Undergraduate Student • Focusing on Data Structures, Algorithms, Software Engineering Principles, and Web Technologies.

SELECTED HIGHLIGHTS

- **5+ Real-World Projects:** Built responsive web applications optimized for desktop, tablet, and mobile screens.
- **End-to-End Mindset:** Capable of designing intuitive UI/UX frontend interfaces as well as structuring clean backend logic.
- **Code Excellence:** Passionate about modular code structure, performance optimization, SEO best practices, and clean architecture.

■ **Status:** Open to internships, freelance projects, and entry-level full stack developer opportunities.
